# Hygiene Chemicals

### Who We Are

Lucky Core Industries Limited (LCI) is a dynamic and diversified organisation that deals in the manufacture and trade of essential products that support almost every sector of the economy. Reflective of its mission, the Company works toward improving lives across the socio-economic fabric of Pakistan.

With a rich legacy spanning over seven decades, the Company's origin predates the formation of Pakistan itself. The Company is a part of the Yunus Brothers Group (YBG), one of the fastest growing and most prolific conglomerates in the country, with diversified interests in cement, textiles, chemicals, pharmaceuticals, real estate, power generation and automobiles.

The primary businesses of the Company include Soda Ash, Polyester, Pharmaceuticals, Animal Health and Chemicals & Agri Sciences. The Company's product portfolio includes soda ash, Polyester Staple Fibre (PSF), pharmaceuticals, nutraceuticals, animal health products, general and specialty chemicals, and agricultural products (including chemicals, field crop seeds, vegetable seeds and more).

### Chemicals & Agri Sciences

LCI's Chemicals & Agri Sciences Business has a unique and diversified portfolio, providing innovative products and solutions to various industries across the Country. The Business consists of three primary divisions: Specialty Chemicals, General Chemicals and Agri Sciences.

The Hygiene Chemicals portfolio is a sub segment of General Chemicals, providing premium chemicals tailored to meet the demands of beverage, food, dairy and meat, and HoReCa sectors. With its broad, industry-specific expertise, the segment offers a diverse product range including chemicals for Clean in Place (CIP), Open Plant Cleaning (OPC), sanitisation, disinfection, filter-aids, etc.

## Food and Beverage

### Safeoam VF9

#### Description

Surfactants/wetting agents. Its balanced formulation provides an effective cleaning action without the need for harsh alkalinity or hazardous solvents. It is also suitable for use on most types of surfaces including plastics and soft metals, such as aluminum.

- May be used for foam, manual or soak cleaning applications. Its mild alkaline formulation effectively penetrates and emulsifies soil, making it ideal for frozen foods operations, bakeries, canneries, and snack food producers.

### Diverwash HD7

#### Description

Suitable for washing kegs, casks, plastic trays, crates and containers. Effective detergency for a wide range of applications including internal keg washing, tray washing, crate washing and general spraywashing. Suitable for use on stainless steel and aluminium kegs and is effective at removing a wide range of organic and inorganic soils. Aids free rinsing of items being cleaned.

### Shureclean Plus

#### Description

Shureclean Plus cleaner is a concentrated, neutral, high-foaming liquid detergent designed for general purpose application in the food, beverage and dairy industries.

### Divo AI

#### Description

Highly concentrated liquid additive for use with Divo LE to provide enhanced bottle rinsing, effective for the removal of residual soil, detergent and other caustic carryover components (hydroxide, carbonate, oxides, etc).

### Divo LE VB92

#### Description

Formulated to inhibit scale deposition and control pH in the warm rinse section of bottle-washers and is suitable for use in washers cleaning glass, refillable PET and PEN bottles.

- Assists free rinsing and helps prevent spotting on bottles caused by water hardness and other.

### Pascal VA5

#### Description

Pascal cleaner is a low foaming, heavy duty, non-fuming, nitric acid-based descaler for use in a wide range of cleaning-in-place (CIP) applications in the food and beverage industry.

### Safeoam VF9

#### Description

Ready-to-use spray disinfectant for use in the food, beverage and dairy industries. Safe for use on food contact surfaces and evaporates rapidly, leaving virtually no residue. It is recommended for use in high-risk areas to clean and disinfect conveyors, fillers and other equipment after small product spillages etc.

### Divosan Forte VT6

#### Description

Divosan Forte sanitiser is a non-foaming and 15% peracetic acid based liquid. It is used for sanitising tanks, pipelines, evaporators, fillers, pasteurisers and aseptic equipment in dairies, wineries, breweries, beverage plants and for other nonporous food contact sanitising applications.

### Divosan Hypochlorite

#### Description

Divosan® Hypochlorite is a concentrated liquid sodium hypochlorite product used to sanitise all types of food and beverage equipment.

- Effective sanitiser passes A.O.A.C Germicidal and Detergent Sanitisers test
- Liquid product is easy to feed; goes into solution immediately
- Easy-to-Use

### Divosan Spectrum

#### Description

Divosan® Spectrum is a concentrated neutral liquid quaternary ammonium sanitiser providing effective bacteriological control in a wide variety of beverage, dairy and food processing operations.

- Liquid formulation: Mixes immediately and can be controlled automatically. Easily dispensed for accuracy and control.
- Heat stable: Suitable for warm and hot application where necessary.
- Non-corrosive: Can be used on all surfaces.
- Natural deodoriser: Leaves cleaned areas smelling fresh by eliminating odours.
- Broad spectrum kill: Blend of two quats more effectively controls bacteria, yeasts and molds.

### Dry Tech TL

#### Description

Dry Tech TL is a silicone based conveyor lubricant for food and beverage containers. It has been developed specifically to be compatible with cans, cartons and PET bottles.

- Dry Tech TL is a silicone based liquid which provides effective lubrication for the conveyance of food and beverage containers. It being particularly suitable for cartons and PET bottles on plastic conveyors.
- Dry Tech TL has non-foaming characteristics which reduces the risk of problematic build up on the conveyor, drip trays and floor.
- Dry Tech TL has been developed to be safe on carton pigment and its polyethylene coating.

## Dicolube RS 148

### Description

Dicolube is a unique liquid conveyor lubricant with a blend of superior lubricating ingredients, inhibitors and surfactant technology to wet the conveyor surface quickly and keep it from drying out.

- Rapidly lubricates conveyor chains
- Cleans conveyors while it lubricates
- Safe on cans, glass bottles and PET bottles and does not compress beer foam.

## Building Care

### Taski R5 Plus

#### Description

Deodorisation instantly in areas such as: restaurants, restrooms, hotels/motels, nursing homes, schools, offices, and any area needing a quick refreshment.

- Water-based odour-neutralising formula.
- Fast-acting and instant deodorisation.
- Leaves no residue or stain.

### Taski Tapi Extract

#### Description

Deodorisation instantly in areas such as: restaurants, restrooms, hotels/motels, nursing homes, schools, offices, and any area needing a quick refreshment.

- Water-based odour-neutralising formula.
- Fast-acting and instant deodorisation.
- Leaves no residue or stain.

## Carpet Shampoo

### Description

Encapsulating high foaming formula for rotary cleaning methods that saves you time and money. Powerful surfactant and polymers, removes deeply embedded soils.

### Taski Tapi Shampoo

#### Description

Concentrated carpet shampoo for the intermediate cleaning of all types of carpet and upholstery. Incorporates the new 'ONT' air neutralising technology for effective malodour neutralisation and long lasting fragrance.

## Emerel® Multi-Surface Crème Cleanser

### Description

Mild acid formula that quickly removes hard water deposits, grease, soap scum, scuff marks and other stubborn spots and build-up without scratching the surface. Use on porcelain, ceramic, stainless steel, chrome, Formica® and fiberglass. White in colour with a fresh scent.

## Diversey R7

### Description

Ready-to-use, versatile, non-abrasive cream cleaner for all water-resistant hard surfaces.

- Non-scratch formulation
- Ideal viscosity

## Taski Sprint Flower

### Description

Highly perfumed cleaner for water-resistant hard surfaces.

- Removes unpleasant odours and leaves a pleasant, strong and fresh perfume.
- Suitable for all water-resistant hard surfaces e.g. natural and artificial stone, ceramic tile, synthetic surfaces, mirrors, porcelain and enamel.
- Dries quickly without streaking.

## Taski R2-Plus

### Description

Hygienic Hard Surface Cleaner, Concentrate. This pleasantly scented product which does not contain any abrasives or bleaches, is ideal for the quick and gentle cleaning of all hard surfaces (e.g. TV cabinets, photo frames, telephones, etc.) including glass and mirrors. Recommended to be used on shiny floor surfaces like polished marble, granite, etc.

## Taski Jontec Terranova

### Description

Spray-crystalliser for the maintenance of calcareous stone floors. Used with a steel wool pad and a single disc machine, the product provides a high gloss on marble and other calcareous stones without building a film on top. By crystallising marble floors they get more wear resistant and the acid sensitivity is reduced. Can also be used to re-crystallise traffic areas of previously treated floors.

## Taski R6 Toilet Bowl Cleaner - Heavy Duty

### Description

Heavy-duty toilet bowl/urinal cleaner for the removal of lime scale, stains and other residue.

- Highly effective, hydrochloric acid-based formulation.
- Fast acting
- Ideal viscosity for excellent adhesion with fresh fragrance

## Taski R1-Plus

### Description

Daily toilet bowl and urinal cleaner concentrate, formulated to use with the Diversey Divermite dispenser.

### Suma Multi D2 Conc

#### Description

Suma D2 all-purpose cleaner limits the time needed to switch between tasks and simplifies your inventory, training and instruction. Use this professional all-purpose cleaner for 80% of your kitchen surfaces; including floors, walls and general equipment. It effectively removes grease and dried-on food from hard surfaces.

### Suma Cal-X

#### Description

A concentrated, acidic cleaner for the removal of lime scale from kitchen equipment and utensils as well as for descaling dishwashing machines.

- Brightens dull metal surfaces by removing oxide film
- Removes lime scale, protecting equipment and improving assurance of hygiene
- Excellent cost in use by concentrated formulation.

### Suma Rapid D6

#### Description

Ready-to-use, spray cleaner for the streak-free cleaning of glass and other water-resistant hard surfaces in kitchen, restaurants and cafeterias. Its fast acting formulation is ideal for cleaning display cabinets, serving counters, windows, mirrors and most other hard surfaces. Just spray and wipe. It dries quickly without streaking and provides a pleasant, fresh fragrance.

### Suma Shine K2

#### Description

Powder, percarbonate oxygen destainer for plastics and china. Suitable for presoaking/destaining of all types of heavily-soiled substrates. It contains a blend of cleaning agents and alkali for removal of dried-on food from cups and dishes.

### Suma Extend D3

#### Description

A ready-to-use liquid degreaser that can be diluted for the removal of fat, carbon and oil from kitchen equipment such as ovens, grills, cooker hoods, Bratt pans and interiors of dishwashing machines. Alkaline liquid detergent suitable for manual cleaning of all heavily soiled surfaces in the kitchen, like cooker hoods and cooker tops. The product is an optimal blend of nonionic, alkali, sequestrant and solvent, safe for use on aluminum surfaces.

### Alcosan VT10

#### Description

Disinfectant for use in the food, beverage and dairy industries. Safe for use on food contact surfaces and evaporates rapidly, leaving virtually no residue. It is recommended for use in high-risk areas to clean and disinfect conveyors, fillers and other equipment after small product spillages etc.

### Suma D10 Conc Detergent Sanitizer

#### Description

Disinfectant for use in the food, beverage and dairy industries. Safe for use on food contact surfaces and evaporates rapidly, leaving virtually no residue. It is recommended for use in high-risk areas to clean and disinfect conveyors, fillers and other equipment after small product spillages etc.

### Suma Break-Up Heavy Duty D3.5

#### Description

A neutral, solvent-free degreaser for removing protein, fats grease, oils and other food soils in a food preparation environment.

- Penetrates, lifts and dissolves soil on hard surfaces, especially where grease is a problem
- Foams away fats, oils, grease, dirt, grime, soap scum from walls, floors and equipment
- Cleans fast and easy without scrubbing.

### Suma Tab D4

#### Description

A concentrated tablet very effective as a disinfectant for use on all food and non-food contact surfaces. The product is a stabilised chlorine tablet, easily soluble in water and highly effective as a disinfectant against a wide range of micro-organisms in all water conditions. Also very effective for disinfecting salads, tomatoes, vegetables etc.

## Suma Rinse A5

### Description

Economy rinse aid for soft-to-medium water conditions. Especially formulated for use in a wide range of warewashing machines. Contains a special blend of nonionic surfactants for rapid spot and streak-free drying.

## Suma Grill D9

### Description

Premium, high-active, ready-to-use oven and grill cleaner. Heavy-duty, alkaline liquid that rapidly removes heavy accumulations of baked-on fats, oils, greases and carbon deposits from ovens of all types.

## Suma Soak K7

### Description

A light alkaline powder suitable for presoaking cutlery and items made of silver. It contains a blend of scale inhibitors and alkali for removal of dried-on food from cutlery and silver items. Can also be used to detarnish silver ware. The combination of aluminium foil or block, solution and silver articles starts an electrochemical process to remove the tarnish from the silver.

## Suma Inox D7

### Description

An oil-based, ready-to-use cleaner and polish for use on stainless steel non-food contact surfaces and other metal surfaces, such as brass, aluminum and copper. Ideal for use on refrigerator doors, handles, trolleys and dishwashing machines. Leaves the surface clean and shiny.

## Soft Care Plus H4

### Description

A gentle antibacterial hand soap. The product has green colour and does not contain perfume, making it suitable for application in the food service area. Free of triclosan, parabens and polyhexamethylene biguanide hydrochloride (PHMB).

## Soft Care Plus H4

### Description

Alcohol formula for use primarily by healthcare personnel. Just apply on clean hands and let it dry. Thoroughly sanitises without drying skin. Proven to be mild even after repeated use. Colourless with no scent.

- Bacterial test results show a 99.9% or greater reduction in many common pathogenic microorganisms
- Contains emollients to condition the skin as it sanitises
- Dries fast.

## Oxivir 1 Wipes

### Description

Next generation ready-to use, pre-wetted, one-step disinfectant cleaner wipe, based on proprietary AHP technology. Oxivir® 1 Wipes are formulated to deliver broad spectrum disinfection in ONE minute or less, with 75 total claims.

## CLAX Hypo conc 42B1

### Description

Laundry destainer is specifically formulated for use in commercial, healthcare and on-premise laundries. The product should be used for white and colourfast-coloured fabrics.

## Clax Sonril conc 40A2

### Description

Concentrated laundry destainer, specially formulated for use in commercial, healthcare and on-premise laundries. This product can be used for many types of fabric (except nylon) and for best results use at temperatures between 150-170° F (65-76° C).

## Clax Mild Forte 33B2

### Description

Clax Mild Forte is a low temp laundry detergent without bleach, formulated for commercial laundry applications. It can be used alone for most soil applications.

## Clax 200 Plus 24A1

### Description

A concentrated liquid low pH detergent with optical brightener based on a blend of surfactants dispensed for use in commercial and on-premise laundries.

## Clax Soft 2-in-1 53B1

### Description

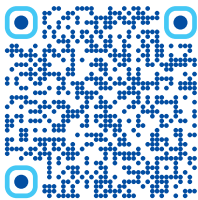

Concentrated fabric softener and sour combined into a single, convenient liquid product. It efficiently neutralises fabric alkalinity while softening the fabric.
