Who We Are

Lucky Core Industries Limited (LCI) is a dynamic and diversified organisation that deals in the manufacture and trade of essential products that support almost every sector of the economy. Reflective of its mission, the Company works toward improving lives across the socio-economic fabric of Pakistan.

With a rich legacy spanning over seven decades, the Company's origin predates the formation of Pakistan itself. The Company is a part of the Yunus Brothers Group (YBG), one of the fastest growing and most prolific conglomerates in the country, with diversified interests in cement, textiles, chemicals, pharmaceuticals, real estate, power generation and automobiles.

The Primary businesses of the Company include Soda Ash, Polyester, Pharmaceuticals, Animal Health & Agri Sciences, and Chemicals.

Chemicals Business

LCI's Chemicals Business has a unique and diversified portfolio, providing innovative products and solutions to various industries across the Country. The Business consists of the following divisions: Specialty Chemicals, General Chemicals and Agri Sciences & Materbatches.

The Hygiene Chemicals portfolio is a specialized sub-segment of General Chemicals, offering premium solutions tailored to the needs of the Beverage, Food, Dairy, Meat, and HoReCa sectors. Leveraging broad, industry-specific expertise, this segment provides a diverse range of products, including chemicals for Clean-in-Place (CIP), Open Plant Cleaning (OPC), sanitization, disinfection, and various other cleaning applications.

YBG

Food and Beverage

Divo AI
Alkaline CIP Cleaning Solution
246KG

Description
Additive for the final rinse stage of bottle washing, used to inhibit corrosion, prevent haze, and improve sparkle in returnable glass bottles.

Divo LE
Low- Foaming Alkaline Cleaner
236 KG

Description
Concentrated liquid acidic additive used to aid soil removal and prevent scale build-up in bottle washing machines.

Diverflow Kompleet VB67
Acidic CIP Descaler & Cleaner
20L

Description
Liquid chlorine-based acidic cleaner and disinfectant used for cleaning and sanitizing in the food, beverage, and dairy industries.

Bright Wash VB14
Acidic Glass Bottle Washing Additive
200L

Description
Highly concentrated liquid caustic additive used to enhance the cleaning of returnable bottles in bottle washing machines.

Diverflow 55 VC99
Caustic CIP Cleaner
1500KG

Description
Alkaline liquid detergent used for cleaning process equipment like tanks, pipes, and heat exchangers in the food and beverage industry.

Divostar VC3
Caustic CIP Cleaner
1460KG

Description
Alkaline liquid detergent used for cleaning process equipment like tanks, pipes, and heat exchangers in the food and beverage industry.

Dicolube Speedlob VL9
Conveyor Belt Lubricant for RGB
200L

Description
Synthetic conveyor lubricant used for lubricating plastic and steel chains in beverage filling plants.

Drytech 4
Conveyor Belt Lubricant for PET
200L

Description
Multi-surface conveyor lubricant with a quick-drying formula, designed for use on stainless steel, chrome, and other hard surfaces.

Divosan Forte VT6
Peracetic acid disinfectant
20L

Description
Peracetic acid (15%) -based high activity oxidsing disinfectant for automated CIP systems in Food, Beverage and dairy Industries.

Diverwash VC24-HD7
Heavy Duty Bottle Washing for PET
20L

Description
Heavy-duty, caustic liquid detergent used for cleaning and degreasing food processing equipment such as PET Jars and Gallons.

Hypofoam VF6
Chlorinated Alkaline Foam Cleaner
23.4KG

Description
Chlorinated alkaline foam cleaner used for cleaning heavily soiled surfaces in the food and beverage industry.

Pascal VA5
Acidic Descaler & Cleaner
20L

Description
Acidic foam cleaner used for descaling and removing inorganic deposits from a variety of surfaces.

Divosan Hypochlorite VT3
Chlorinated Disinfectant & Bleach
20L

Description
Stabilized sodium hypochlorite solution that serves as a chlorine-based disinfectant for surfaces and equipment.

Diverflow VC29 SU562
Heavy – Duty Alkaline CIP Detergent
20L

Description
Alkaline CIP liquid detergent used for cleaning tanks, pipes, and other enclosed systems in the food and beverage industry.

Safefoam VF9
Non-Caustic Alklaline Foam Cleaner
5L

Description
Heavy-duty, alkaline foam cleaner used for cleaning floors, walls, and equipment in areas with heavy grease and protein soils.

Suma Bac D10
Cleaner and Disinfectant for Food Surfaces
5L

Description
Concentrated liquid detergent and sanitizer used for cleaning and disinfecting food preparation surfaces, utensils, and equipment.

Shureclean Plus VK9
Multi-Purpose General Cleaner
20L

Description
Multi-purpose alkaline foaming cleaner used for cleaning a variety of hard surfaces in food and beverage processing.

Alcosan VT10
Alcoholic Surface Disinfectant
10L

Description
Alcohol-based quick-drying surface sanitizer used for disinfecting surfaces and equipment that need to dry quickly, especially in food and healthcare settings.

Personal Hygiene

Soft Care Plus H42
Antimicrobial Hand-Wash 5L

Description
General-purpose liquid handwash for effective, hygienic handwashing, leaving no after-smell.

Soft Care Med H5 Gel
Alcohol Based Hand Sanitizer
5L

Description
Alcohol-based hand sanitizer gel used for hygienic hand disinfection.

Stewarding

Multi Cream
16X750ml

Description
Mild abrasive cleaning cream for removing stubborn soils and grime from hard surfaces like kitchen worktops, sinks, and bathroom fixtures.

Suma Crystal A8/A8.8
4x5L

Description
Machine dishwashing detergent, effective in soft to medium hard water conditions.

Suma All in one
200x20ml

Description
Versatile, all-purpose detergent for manual cleaning of all hard surfaces in the kitchen, from floors to equipment, and for hand dishwashing.

Suma Anti Stick / Anti Stick AS
6X750ml

Description
Food-safe anti-stick agent that creates a protective layer on bun toasters and other heated cooking surfaces.

Suma Calc D5
2x5L

Description
Concentrated acidic cleaner used to remove limescale and mineral deposits from kitchen equipment such as dishwashers, steamers, and coffee urns.

Suma DLD Regular D12
2X5L

Description
All-purpose cleaning and degreasing detergent for manual application on floors, walls, and other hard surfaces.

Suma Force D3.5
6x750ml

Description
Heavy-duty, concentrated alkaline degreaser safe for aluminum surfaces, used for cleaning heavily soiled floors and equipment.

Suma Grill D9
2x5L

Description
Highly alkaline, foaming degreaser designed to cling to and dissolve carbon deposits and baked-on grease from ovens, grills, and hot plates.

Suma Grill Hi-Temp
6X750ml

Description
Oven and grill cleaner formulated for use on high-temperature surfaces to break down tough carbonized soil.

Suma Inox D7
6x750ml

Description
Stainless steel polish that imparts a high shine, removes smudges, and leaves a protective layer to resist fingerprints.

Suma Nova L6
25L

Description
Concentrated liquid detergent for mechanical ware washing that effectively removes fats and dried-on foods in dishwashers.

Suma Shine K2
10KG

Description
Powder Based Rinse aid for dishwashing machines, ensuring streak-free drying of dishes, glasses, and cutlery.

Suma Sink Det
200x25ml

Description
Skin Neutral Liquid detergent for manual dishwashing to effectively clean dishes, pots, and pans.

Suma Tab D4
300 Pcs x 4

Description
Chlorinated Disinfecting tablet for soaking and sanitizing vegetables and fruit, providing food-safe hygiene.

Suma Bac D10
4x5L

Description
Combined detergent and disinfectant for cleaning and sanitizing all food-contact surfaces, effective against a wide range of microorganisms.

Taski R1 Super
2x5L

Description
Super-concentrated daily washroom cleaner and disinfectant that cleans, disinfects, and deodorizes in one step, suitable for all water-resistant hard surfaces.

Taski R2/Roomcare R2
2x5L

Description
All-purpose interior cleaner for daily cleaning of hard surfaces such as tables, cupboards, and other water-resistant surfaces, leaving a fresh scent.

Taski R3
2x5L

Description
Concentrated cleaner for glass and other water-resistant hard surfaces, leaving a streak-free finish.

Taski R4
2X5L

Description
Concentrated furniture polish for use on wood and other surfaces, providing a glossy finish and protection.

Roomcare R5
6X750ml

Description
Concentrated, non-aerosol air freshener for use with a dosing system to neutralize odors and leave a pleasant, long-lasting scent.

Taski R6/Roomcare R6
6X750ml

Description
Concentrated toilet bowl cleaner that disinfects and removes stains and scale.

Taski Tapi Extract
2x5L

Description
Concentrated Carpet and Upholstery Cleaner Used With the Spray Extraction Method.

Taski Tapi Shampoo
2X5L

Description
Concentrated Carpet Shampoo for Immidiate Cleaning of Carpets and Upholstrey.

Taski Tapi Spot 2
6X750ml

Description
Spot cleaner for removing common water and oil-based spots and stains from carpets and upholstery.

JonTec Plaza
2x5L

Description
Premium, high-gloss emulsion for coating and protecting stone, terrazzo, and marble floors with a durable, shiny finish.

JonTec Teranova
2x5L

Description
Marble polisher that both cleans the surface and creates a strong, crystal-clear shine while resisting corrosion.

Clax Alfa
25L

Description
Liquid surfactant booster that is highly effective at removing fatty and oily soils from fabrics in industrial laundry applications.

Clax Master
20L

Description
Neutral, heavy-duty liquid laundry detergent for institutional use, suitable for a wide range of fabrics and soil types.

Clax Neutrapur
25L

Description
Organic acid used in the final rinse cycle to neutralize any residual alkalinity on laundry fabrics.

Clax Personril
30KG

Description
Laundry bleach based on peracetic acid and hydrogen peroxide for stain removal and disinfection at medium temperatures.

Clax Soft Extra
25L

Description
Fabric softener that conditions fabrics to reduce static cling, improve ironing, and leave a fresh fragrance.

Clax Sonril Ultra
20L

Description
Hydrogen peroxide-based oxygen bleach for high-temperature (80°C+) stain removal, a safer alternative to chlorine bleach for many fabrics.

Suma Light D1.2
5L

Description
Neutral liquid detergent for hand dishwashing, effective for cleaning pots, pans, glassware, and utensils.

Clax Spring
2x5L

Description
Liquid perfume applied to fabrics after washing and drying to restore and leave a long-lasting fragrance.

Water Treatment Chemicals

Ameroyal AS1515
Reverse Osmosis Antiscalant Solution
25Kg

Description
Prevents scale formation in reverse osmosis membranes, ensuring reliable water purification performance.

Performax CL4105
Cooling Water Treatment Chemical
25Kg

Description
Controls corrosion, scale, and microbiological growth in cooling systems, improving operational efficiency.

Biosperse 2150
Broad-Spectrum Industrial Microbiocide
25Kg

Description
Controls bacteria, fungi, algae, and slime in cooling water, pasteurizers, and industrial systems.

Performax PM 3607
Boiler and Cooling Water Treatment
25Kg

Description
Protects against corrosion, scale, and biofouling in steam lines and cooling water systems.
